Questions that UKIP don't want to answer:

What happens to the recovery if Britain leaves the EU?

UKIP and many Conservatives want to pull Britain out of Europe no matter how many jobs it costs. With Labour silent on the issue, it's up to the Lib Dems to lead the fight to keep Britain in Europe.

With millions of jobs and Britain's economic recovery at stake, it's a fight we cannot afford to lose.

You can help that battle today by visiting the website below and volunteering to help the Lib Dem European Election campaign. You will also be helping elect a strong team of Liberal Democrat MEPs to stand up for Britain. Don't let UKIP be the voice of Britain in Europe - please sign up to help today.

**IN EUROPE
IN WORK**

IN Europe – IN Work

by Nick Clegg MP

We meet just months away from the European and local elections – the only party with a clear message. The Liberal Democrats are the party of jobs and Britain's party of IN.

Be under no illusion: the big question for people in May is 'in or out?' UKIP want to lead Britain out of the EU. The Conservatives are now openly flirting with exit. Labour don't have the courage of their convictions on this – they won't lift a finger to keep Britain in Europe.

So we need to make sure everyone knows: if you want to live in a prosperous Britain that stands tall in its own backyard, there's only one party that can deliver it – ours.

That's the message I'll be pushing this weekend. Staying in Europe is the only way to safeguard British jobs and businesses; it's how we work closely with our neighbours to tackle climate change; it's the only way we can successfully tackle cross-border crime. Crucially, it's essential if we are to protect the economic recovery that has been so hard won.

Britain is finally back on the path to prosperity. The British people have made extraordinary sacrifices. Our party has had to drive through controversial and difficult decisions. It has not been easy, but it's working – and now our task is to lock in the progress that has been made.

The recovery would not be happening if it wasn't for the Liberal Democrats. We are doing what is needed on the

deficit, but we are also laying the foundations necessary for lasting growth – whether through better infrastructure, green industry or investing in skills. It's only because of us that millions of people have seen a £700 tax cut, putting more money back in their pockets (though the Tories like to take credit for it now!). Looking ahead, not only will we finish the job of economic recovery, but we'll finish it fairly.

That's what makes the Liberal Democrats so unique. Given half a chance, Labour will trash our fragile economy once again. The Tories will increase the burden on the worst off in order to protect those at the top. Our party, however, will strike a balance

– getting the job done but spreading the burden in a way that is fair. We'll build a stronger economy, but also a fairer society.

Over the next few days we'll be talking about how we do that. We remain the only party in which the members shape the policies and this conference will be important for our manifesto ahead of the election next year. Get involved and enjoy yourselves. I look forward to seeing you all.

Motions deadline	13.00 Wednesday	16th July 2014
Drafting advice deadline (amendments, emergency motions)	13.00 Monday	8th September 2014
Deadline for amendments to motions, emergency motions, topical issues, questions to reports	13.00 Monday	22nd September 2014

Debates and votes at conference

Debates on policy and business motions are at the heart of federal conference. It is through them that the party sets its policy and future direction. Unlike the conferences of the other parties, Liberal Democrat conference is sovereign, and what it decides really matters.

The structure of debate on policy and business motions:

Interventions: are concise (one minute) speeches made from the intervention microphone(s) on the floor of the auditorium, during debates where it is indicated in the *Agenda*.

Amendments: all motions except emergency motions are open to amendment; amendments accepted will be printed in *Conference Daily*.

Voting: decisions on most motions and on all amendments and separate votes are by simple majority of those voting (two-thirds majority for constitutional amendments). To vote, representatives must be seated on the ground floor of the auditorium and show their voting badge.

Separate votes: a vote on whether to delete or retain the specified words or section. A request for a separate vote may be submitted by any voting representative: by the start of the first conference session on the day before the debate is scheduled, **or** by the deadline for emergency motions for debates scheduled for the first day of conference; using the online form at www.libdems.org.uk/conference_papers, by email to separate.votes@libdems.org.uk, **or** in writing to the Speakers' Table in the auditorium.

Counted vote: the chair of the session may decide that a vote needs to be counted. Any voting representative may request a count from the floor; if fifty voting representatives stand and show their voting cards, a count will be taken.

Speaking in conference debates

Length of speeches

The length of speeches is shown against each motion in the Agenda. Interventions are limited to one minute each.

There are three lights on the speaker's rostrum and visible either side of the stage. The green light is switched on at the beginning of the speech. The amber light is switched on 60 seconds before the end of the allowed time (20 seconds before the end of an intervention). The red light is switched on when all the time is used up, and the speaker must stop immediately.

Eligibility to speak

The only people entitled to speak in debates and interventions at conference are:

- Voting representatives (or substitutes), elected by their local parties or appointed ex-officio, who have paid their full registration fee.
- Non-voting representatives who have paid their full registration fee (not day visitors).
- Persons who have been given permission to speak by the Federal Conference Committee.

Applying to speak

To make a speech in a debate you must complete a speaker's card, collected from and returned to the

Speakers' Table at the front of the auditorium, an auditorium steward or the Information Desk.

Completing a speaker's card

When completing a speaker's card, remember:

1 Submit your card well in advance.

The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

2 Fill in your card completely.

Complete the two sections on the back of the card as well as the front. These sections are needed for the chair and aide to balance the debate, so they can call people with relevant experience and avoid a string of people making the same point.

3 Make sure it's readable!

Don't fill every square centimetre of the card; don't write illegibly, in very small letters, or in green ink ... The easier you make it for the chair and aide to read the card the more likely you will be called.

Interventions

To speak during interventions, representatives should complete an intervention form, collected from and returned to a steward in the auditorium. Speakers will be chosen by the chair of the session by random ballot.

Other conference sessions

Emergency motions and topical issue discussions

Emergency motions are debated and voted on and make formal party policy like other motions, but refer to a substantial development since the deadline for submission of motions.

Topical issue discussions allow representatives and spokespeople to discuss and comment on a political issue live at the time of conference; they do not make party policy.

The topical issue to be discussed is chosen by officers of the Federal Conference Committee and Federal Policy Committee and will be printed in Saturday's *Conference Daily*.

Question and answer sessions

Concise questions (maximum 25 words) on any relevant subject may be submitted by any voting representative. Questions will be selected by the chair and put by the submitter from the intervention microphones in the auditorium.

Questions must be submitted:

- by 17.00 Thursday 6th March, using the online form at www.libdems.org.uk/conference_papers or to questions@libdems.org.uk
- **or** by 12.40 Saturday 8th March on a form collected from and returned to the Speakers' Table in the auditorium.

Reports

The reports of Federal Committees and Parliamentary Parties are printed in the separate reports document.

Concise questions (maximum 25 words) on these reports may be submitted by any voting representative. The chair will select which questions will be asked. Questions to reports of the Parliamentary Parties may relate to any aspect of Liberal Democrat activities in the UK or European Parliaments.

Deadlines for questions to reports:

- Federal Committees – 13.00 Tuesday 4th March.
- Parliamentary Parties – 17.00 Thursday 6th March.

Questions may be submitted:

- using the online form at www.libdems.org.uk/conference_papers
- **or** by email to questions@libdems.org.uk.

Download a form from www.libdems.org.uk/conference_papers

Questions received by the deadlines above will be printed in Saturday's *Conference Daily*.

Questions on events occurring after the deadlines above may be submitted on speaker's cards at the Speakers' Table up until one hour before the start of the relevant session.

Submitting amendments, emergency motions, topical issues, and appeals

Amendments and emergency motions

Amendments and emergency motions must be:

- signed by 10 voting representatives;
- **or** submitted by one or more of: a local party, state party, regional party in England, Federal Specified Associated Organisation or Federal Party Committee;
- by 13.00, Tuesday 4th March;
- to the Policy Unit – see below.

Submitters should include:

- For amendments – a short explanation of the intended effect of the amendment.
- For emergency motions – a short explanation of its emergency nature.

Topical issues

Suggestions for topical issues may be submitted by any voting representative:

- by 13.00, Tuesday 4th March.
- to the Policy Unit – see below.

The title of the issue should be no more than ten words, and should not include an expression of opinion; please include full contact details of the submitter and up to 100 words explanatory background.

Appeals

Appeals against the non-inclusion of emergency motions or amendments must be signed by the original drafting contact and should:

- a) be no longer than one side of an A4 sheet;
- b) give a contact name and telephone number;

- d) give justification for the appeal and provide new information the Conference Committee was unaware of when it made its decision.

Consultative sessions provide a less formal mechanism than full-scale conference debates for conference representatives and other party members to participate in the party's policy- and decision-making process. Each session examines a particular topic and hears contributions from party members and in some cases outside speakers.

Each session will be organised by the relevant Policy Working Group, or in the case of Internal Democratic Reform (Saturday at 13.00, see page 51) the Federal Executive. The conclusions of the sessions will be taken into account by the groups when drawing up their final policy papers.

F3 A Better, Fairer, More Sustainable Future for British Pubs

Eighteen conference representatives

Mover: Greg Mulholland MP
Summation: Gareth Epps

- 1 Conference notes:
- 2 I. The continued loss of pubs across the country, including the closure
- 3 of many viable pubs against local wishes, and the negative effect this
- 4 has on the economy and communities.
- 5 II. The repeated temporary closure or 'churn' of pubs owned by the
- 6 large pub companies (pubcos), often the result of skewed lease/
- 7 tenancy terms which channel excessive proportions of profits to
- 8 owner pubcos meaning otherwise successful lessees/tenants are
- 9 unable to make a fair living.

Saturday 8th March continued

10 III. The conclusion of the Business, Innovation and Skills (BIS) Select
11 Committee in 2011, following four detailed reports, that reform of the
12 large pubcos and a statutory code are required, including a 'market
13 rent only option', allowing pubco licensees to have an option to pay a
14 fair, independently assessed market rent to the pub owning company
15 and to buy all product from wherever they wish.

16 IV. Research by the Federation of Small Businesses (FSB) showing that
17 introducing a market rent only option for tied licensees could benefit
18 the UK economy by nearly £80 million.

19 Conference welcomes the work of Liberal Democrats in Government, in
20 Parliament and in local government to better protect and assist pubs:

21 A. The strengthened commitment to protect pubs in planning law and
22 the Coalition's Community Right To Bid initiative, which allows for
23 pubs to be registered as an 'Asset of Community Value' (ACV) and for
24 local people to bid to buy them if they are put up for sale.

25 B. The positive response from Liberal Democrat BIS Ministers following
26 overwhelming support for pubco reform in the consultation by BIS,
27 which asked how the principle that the tied licensee should not be
28 worse off than the free of tie licensee could be enshrined in law.

29 C. The formation of the Fair Deal for Your Local Campaign (backed by
28 CAMRA, FSB, Forum of Private Business, trade unions, licensee
29 organisations and 206 MPs), calling for the Government to back the
30 Select Committee market rent only option.

31 Conference deplores:

32 i) The endemic over-renting of pubco leased pubs, both in the form of
33 dry rents and the huge mark-up at which the pubcos sell beer (70%
34 is typical) and other products to their tenants/lessees, so the pub
35 owning company takes far more than is fair or sustainable from pub
36 profits.

37 ii) The asset stripping of pubs by pub companies, who continue
38 to sell off viable pubs for alternative use for development and to
39 supermarkets.

40 iii) The closure of many profitable pubs against the wishes of the local
41 community.

42 Conference believes that:

43 a) The pubcos have shown themselves incapable of voluntary reform,
44 necessitating legislation.

Saturday 8th March continued

- 45 b) Further changes are needed to the planning system to ensure that
46 local communities always have a say when a local community pub is
47 threatened.
- 48 Conference therefore calls on the Coalition Government to:
- 49 1. Immediately implement the Select Committee proposal and introduce
50 a statutory code of practice including a market rent only option for
51 tenanted/leased pubs (triggered at rent review, renewal, change of
52 terms and sale) for all companies with 500 pubs or more.
 - 53 2. Produce statutory guidelines as to how the market rent will be
54 assessed, to ensure that this is fair and independent.
 - 55 3. Change the planning system so that no pub can be demolished or
56 undergo a change of use without planning permission.
 - 57 4. Ensure no community pub is given change of use or permission to
58 demolish without it being offered at a fair market price and properly
59 advertised for sale for at least 6 months.
 - 60 5. Create a separate use class for community pubs.
 - 61 6. Strengthen the ACV initiative and the Community Right to Buy, with
62 owners obliged to accept a bid at independently assessed market
63 value, as in Scotland.
 - 64 7. Introduce a right for existing lessees/tenants to be given the right to
65 buy the pub freehold if the owner puts the premises up for sale, at
66 independently assessed market value.
 - 67 8. Put in place enforcement of these measures to ensure pubcos comply
68 with the above changes and deal with any attempts to circumvent the
69 terms of the statutory code.

Applicability: Federal, except A (lines 21–24), b) (lines 45–47), and 3, 4, 5, 6, and 7 (lines 55–66) which are England only.

F4 Making Migration Work for Britain

Federal Policy Committee

Mover: Sir Andrew Stunell MP (Chair of the Policy Working Group)

Summation: To be announced

- 1 Conference notes that:
- 2 For generations migrants have enriched Britain's culture, language,
- 3 and society, and brought innovation, economic growth and increased
- 4 prosperity for the whole country. Conference completely rejects damaging
- 5 and counter-productive language and policies that undermine Britain's
- 6 ability to grow and prosper, that sow division and prey on ignorance and
- 7 insecurity.
- 8 Conference therefore resolves to ensure that in future migration continues
- 9 to work well for Britain, and makes the best possible contribution to
- 10 securing a stronger economy and a fairer society for all.
- 11 Conference therefore endorses policy paper 116, *Making Migration*
- 12 *Work for Britain*, and its policy proposals (replacing all previous policy on
- 13 migration) based on the key principles set out below.
- 14 1. Security and firm control of Britain's borders, with clear annual
- 15 Parliamentary oversight of all aspects of migration policy and its
- 16 application and delivery.
- 17 In particular conference welcomes proposals for:
- 18 a) An annual Parliamentary debate and vote on immigration policy.
- 19 b) Delivery of full monitoring of entry and exit, with additional
- 20 resources set aside if necessary.
- 21 2. Growth and prosperity of the UK as the key drivers in decision making
- 22 on migration by the next government, encouraging more students
- 23 and visitors to come, welcoming those whose skills can help Britain
- 24 prosper, and rigorously dealing with crooks, traffickers and those who
- 25 would harm Britain.
- 26 In particular conference welcomes proposals for:
- 27 a) Reaffirming the principle of the free movement of labour in the EU,
- 28 while working with Britain's European partners for more effective
- 29 and appropriate transition controls for countries entering the EU.
- 28 b) Supporting Coalition plans to strengthen the Habitual Residence

Saturday 8th March continued

- 29 test and the European Commission's proposal to ensure EU
30 migrants do not claim benefits before spending 6 months in the
31 UK.
- 32 c) Improving the visa system to encourage students, short term
33 business visitors and tourists to come to the UK.
- 34 d) Increasing the number of foreign students, taking them out of any
35 future net migration target, and permitting graduates in science,
36 technology, engineering and maths to take up relevant skilled
37 employment in the UK for up to three years after graduating.
- 38 3. Compassion and fairness to the host community as well as to new
39 arrivals by tackling low pay and skill shortages vigorously, providing
40 extra support for local services under pressure from migration, and by
41 making sure every migrant can speak English enabling them to play a
42 full part in wider society, and helping refugees from war and terror to
43 work and contribute to Britain.
- 44 In particular conference welcomes proposals for:
- 45 a) Ensuring employers are paying the National Minimum Wage.
46 b) Using EU funding for neighbourhood cohesion projects and to
47 ease migration pressures on local public services.
- 48 c) Bolstering migrants' English language skills, making claimants
49 for Jobseeker's Allowance with poor English attend state
50 funded language courses and strengthening English language
51 requirements for permanent residency applicants.
- 52 d) Asking the Migration Advisory Committee to review the income
53 level required in order to bring a spouse into the UK, to avoid
54 unnecessary family separation.
- 55 e) Allowing elderly relatives to join their families, where they can be
56 supported and on condition of a levy to cover their likely health
57 costs.
- 58 f) Requiring all working age asylum seekers to seek work if their
59 case has not been resolved within 6 months.
- 60 g) Ending indefinite detention for immigration purposes.
- 61 h) Rejecting 'Go home vans' and other attempts to create a hostile
62 environment, in favour of an intelligence-led approach to tackling
63 illegal immigration which focuses on criminal activity.
- 64 Conference calls on Liberal Democrats to work for migration policies
65 based on these principles so that future migration works for Britain and
66 helps deliver a stronger economy and a fairer society.

F5 Reform of Planning

Mid-Dorset & Poole, Eastleigh and ten conference representatives

Mover: Annette Brooke MP (Co-Chair, Parliamentary Party Committee on Communities and Local Government)

Summation: Cllr Keith House

- 1 Conference notes the failure over more than two decades of new housing
- 2 provision to meet the need for new homes in a growing and ageing
- 3 population. Conference therefore confirms its support for the measures
- 4 in policy paper 104, *Decent Homes for All* (2012), in particular the goal of
- 5 delivering 300,000 new homes per year to meet the projected need for
- 6 homes, and resolves to further reform the planning system to achieve this
- 7 goal sustainably and strengthen local decision-making.
- 8 Conference believes:
 - 9 A. That the National Planning Policy Framework and the National
 - 10 Planning Practice Guidance developed under the Coalition
 - 11 Government have been a big step forward, but notes that an early
 - 12 review will need to take place.
 - 13 B. That the relationship between communities, local government, the
 - 14 Planning Inspectorate and the Secretary of State must be redefined to
 - 15 end unnecessary intervention in local decisions against the wishes of
 - 16 local councils and communities where local plans are up to date and
 - 17 approved.

Saturday 8th March continued

- 18 C. There is a clear need for strategic planning co-operation beyond the
19 boundaries of individual planning authorities on a democratic basis to
20 address joint needs.
- 21 D. Communities deserve to share in the benefits of windfall gains that
22 result from planning decisions.
- 23 F. Garden communities offer an alternative way of meeting housing
24 need.
- 25 G. That poor standards of residential design and performance are
26 fostered by the stranglehold of the large housebuilders over access to
27 land, and that greater competition will lead to higher standards.
- 28 H. The planning system needs to be more responsive to the challenges
29 posed by climate change.

28 Conference therefore calls for:

29 1. A public consultation on:

- 30 a) Restricting the call-in powers of the Secretary of State.
31 b) Limiting the role of the Planning Inspectorate, initially to examining
32 local plans and dealing with appeals on major applications to
33 judge whether they are or are not in conformity with a local plan.
34 c) Reforming the balance of responsibilities in London between the
35 Mayor of London and the London Boroughs so that the Mayor's
36 role is truly strategic.
37 d) Introducing local appeals for minor applications (as currently
38 defined), with a pilot scheme to be run with a volunteer planning
39 authority.

40 2. Greater resources for the development and updating of
41 Neighbourhood Plans.

42 3. A Community Right of Appeal if a planning authority passes an
43 application which is not in conformity with an approved, up-to-date
44 Neighbourhood Plan.

45 4. Greater cooperation on strategic planning issues by local authorities
46 working together in natural 'sub regions', by:

- 47 a) Encouraging local authorities to form partnerships determining the
48 boundaries themselves, as in city regions.
49 b) The partnerships individually and jointly producing plans to
50 meet housing need on a bottom up basis, with democratic
51 representation from councillors from all political or non-political
52 groups when determining final plans.

Saturday 8th March continued

- 53 c) The partnerships also addressing economic growth and
54 combining to deliver infrastructure over a larger area.
- 55 5. Measures to allow communities to benefit from development windfalls,
56 including piloting of community land auctions for publicly and privately
57 owned land.
- 58 6. Promotion of Garden Communities through:
- 59 a) Introducing a local trigger into the 1981 New Towns Act where
60 partnerships may choose to meet their housing allocation through
61 one or more larger settlements (10,000 plus), securing land at low
62 cost at a distance from existing settlements.
- 63 b) In return, Local Planning Authorities protecting open spaces
64 closer to the existing settlement.
- 65 c) Generating community benefit through the difference in land cost
66 and subsequent value when planning permission is granted,
67 which would provide resources to support a community with
68 good infrastructure and amenities.
- 69 7. Promotion of greater competition in the housebuilding market by:
- 70 a) Reserving a significant portion of land for small developers and
72 self-builders when public land is sold for development (the local
72 authority should hold a register of those seeking land to inform the
73 proportion needed).
- 74 b) Giving planning authorities the right to require under the planning
75 permission that land be provided for small developers and self-
76 builders within any development larger than 40 homes.
- 77 c) Using new communities to encourage greater access to land by a
78 wide range of providers including self- and commissioned-build.
- 79 8. The planning system and building standards to further help respond
80 to climate change by:
- 81 a) Requiring Local Development Frameworks to provide sufficient
82 green and blue (water) spaces in urban areas to mitigate the
83 heat island effect – such spaces will also bring health and other
84 benefits for local residents.
- 85 b) Amending building performance standards to take proper account
86 of the rising summer temperatures that will be caused by climate
87 change.

Applicability: England.

F14 Power to the People

Federal Policy Committee

Mover: Dinti Batstone (Chair of the Policy Working Group)
Summation: To be announced

- 1 Conference notes:
- 2 A. The urgent need for reform and revitalisation of the institutions and
- 3 structures of the United Kingdom to reflect the needs of the British

Saturday 8th March continued

- 4 people in the 21st century.
- 5 B. Consistently disappointing turnouts at elections at every level in the
6 United Kingdom.
- 7 C. Higher turnouts where an election is thought to be in contention than
8 where 'safe seats' are won by the same party at every poll.
- 9 D. One party 'rotten Boroughs' in local government in England, where
10 very few or no opposition councillors are ever elected.
- 11 E. The failure of the Labour Party radically to decentralise meaningful,
12 accountable political power in Britain, especially in England.
- 13 F. That nine cross-party committees and commissions have broadly
14 supported the model of Lords Reform set out in the 2012 House
15 of Lords Reform Bill, yet both the Conservative and Labour
16 parliamentary parties failed to take a historic opportunity in 2012 to
17 remove patronage, heredity and position in the established church as
18 the basis for seats in Parliament.
- 19 G. That the workings of Parliament and Government remain unduly
20 opaque and difficult for citizens to understand and unpick.
- 21 H. That the reputation of politics as a whole is profoundly undermined
22 by repeated funding scandals arising from access or influence bought
23 by big political donations, and by a lack of transparency of the
24 relationship between politicians and newspaper executives.
- 25 I. The continuing failure of the Westminster Parliament to reflect the
26 gender balance and the diversity of the people it represents.
- 27 Conference believes that:
- 28 I. Our vocation as Liberal Democrats is to re-engage people with the
29 political system.
- 28 II. Liberal Democrats strive to organise citizens in their own communities
29 to take and use power, restoring legitimacy and a strong sense of
30 public purpose to our democracy.
- 31 III. Democratic politics must be diverse and participative, capable of
32 capturing the imagination and lifting the aspirations of everyone in
33 society.
- 34 IV. Legitimate power stems from the people, not from patronage,
35 heredity or position in the established church.
- 36 V. The operation of political institutions must be intelligible to, and work
37 transparently in the interests of, the people they serve.
- 38 Conference therefore endorses policy paper 117, *Power to the People*,
39 as an ambitious package of political and constitutional reforms based on
40 these principles.

Saturday 8th March continued

 - 75 authorities with contiguous boundaries) outside London which
 - 76 has a population of a million or more people.
 - 77 f) Establishing a constitutional convention to draw up a written,
 - 78 federal constitution for the United Kingdom.

Saturday 8th March continued

- 79 3. Promote an effective parliament and an accountable government by:
- 80 a) Reintroducing the 2012 House of Lords Reform Bill in the next
81 Parliament as the Liberal Democrats' minimum starting point
82 for progress, while continuing to argue for a 100% directly
83 elected chamber, removing over time all peers sitting by virtue of
84 patronage, heredity or position within the established church.
- 85 b) Implementation of the remaining Wright Committee
86 recommendations for reform of the House of Commons,
87 particularly in relation to restoring parliamentary control over its

92 operates within Parliament.
- 93 d) Making parliamentary proceedings much more accessible and
94 intelligible to the public, including by reviewing the online version
95 of Hansard.
- 96 e) Establishing a petitions committee in Westminster, along the lines

117 reflecting current practice for Ministers.

Saturday 8th March continued

- 122 f) Supporting the recommendations of the recent Shakespeare
123 Review on Open Data.
- 124 g) Reforming party funding in line with the 2012 Committee on

F15 Food Poverty

Twenty-three conference representatives

Mover: Ros Kayes
Summation: Kelly-Marie Blundell

- 1 Conference recognises that welfare provides a vital role in supporting the
- 2 needy as well as there being an urgent need to provide access to support
- 3 due to economic and demographic pressures.

Saturday 8th March continued

4 Conference accepts the need for reform of our welfare system, the
5 importance of encouraging the long-term unemployed back to work,
6 and that the case for reducing welfare dependency among long-term
7 recipients of benefits is strong.

8 Conference has concerns however that:

- 9 i) The effect of tightening welfare payments, of delays in payment of
10 benefits and increasing use of sanctions, combined with rising food
11 and energy prices, impacts on the most vulnerable members of
12 society and undermines the principle of the welfare 'safety net'.
13 ii) Large numbers of people are currently being insufficiently supported
14 by welfare payments and are living at a standard below which, in the
15 words of Beveridge "no-one should be allowed to fall".
16 iii) Independent evidence of an increasing reliance on food banks of
17 working families with children and the rising number of evictions of
18 social housing tenants, indicates that changes in the benefit system
19 initiated by the coalition have not run smoothly and that ameliorative
20 measures need to be put in place to ensure that the most vulnerable
21 do not continue to suffer.

22 Conference welcomes:

- 23 I. The work of voluntary and charity organisations throughout the UK
24 that have developed in order to support people in extreme need.
- 25 II. The work of organisations like the Rowntree Foundation and Citizens
26 Advice Bureaux that are monitoring and collating evidence of changes
27 on the minimum standard of living.
- 28 III. Policies delivered by the Liberal Democrats in government supporting
29 families on the lowest incomes by:
- 28 a) Offering free school meals for all primary aged children.
29 b) Making free childcare available.
30 c) Increasing discretionary payments for the most vulnerable.
31 d) Excluding disability benefits from the benefits cap.
32 e) Raising the income tax threshold for the lowest paid.
33 f) Introducing the Pupil Premium to help the educational needs of
34 the lowest income children.

35 However, conference believes that:

- 36 A. No household in 21st century Britain should be dependent on
37 charitable support systems for the basic necessities of life.

Saturday 8th March continued

- 38 B. Current measures offer inadequate protection to some families in
39 deepest need.
- 40 Conference therefore calls for the party robustly to challenge and assess
41 the impact of welfare changes to prevent people being left in abject
42 poverty.
- 43 Conference further calls for the government to:
- 44 1. Publish the results of research into food banks commissioned by the
45 Department for Environment, Food and Rural Affairs.
 - 46 2. Commission an urgent independent review into the relationship
47 between benefit delay, error or sanctions and the growth of food
48 poverty.
 - 49 3. Ring-fence money made available for the local welfare provision grant
50 to provide short-term support for people financial difficulties, such as
51 benefit delays.
 - 52 4. Develop a new grant system accessible by food banks to support
53 emergency relief to families suffering from food poverty during the
54 time that the review, and any policy alterations resulting from it, are
55 being undertaken.
 - 56 5. Expedite proposals to develop a Living Wage which will remove those
57 families on the lowest incomes from the welfare system altogether as
58 proposed in policy paper 108, *A Balanced Working Life* (September
59 2013).

Applicability: Federal, except III. a) and b) (lines 28–29), and III. f) (lines 33–34) which are England only.

F18 In Europe, In Work

Federal Policy Committee

Mover: Martin Horwood MP (Chair, European Manifesto Working Group)

Summation: To be announced

- 1 Conference believes that:
- 2 I. Liberal Democrats want Britain to stay in the EU because we are
- 3 fighting for a stronger economy – millions of British jobs are linked to
- 4 our trade with the EU, and being in Europe gives us more strength
- 5 when negotiating trade deals with global players like the US, China,
- 6 India and Brazil.
- 7 II. Liberal Democrats are working to defend millions of British jobs,
- 8 create millions more and put thousands of pounds back in people's
- 9 pockets by making it easier for British companies to export and
- 10 slashing red tape for small businesses.
- 11 III. Liberal Democrats are fighting for safer communities by ensuring our
- 12 police forces have access to key EU crime-fighting tools.
- 13 IV. Liberal Democrats are fighting for a greener future by working with
- 14 other EU countries to combat climate change, create green jobs and
- 15 reduce pollution.
- 16 V. The Tories and UKIP are putting millions of British jobs and billions
- 17 of pounds of investment at risk by undermining our membership of
- 18 the EU while Labour can't be trusted with the economy at home or
- 19 abroad – their reckless spending and failure to regulate the banks
- 20 crippled Britain's economy while their MEPs support measures that
- 21 would impose huge burdens on British businesses.
- 22 VI. Liberal Democrats are the party of 'in' – In Europe, In Work.
- 23 Conference welcomes the record of Liberal Democrats in the European
- 24 Parliament and Westminster in delivering:
- 25 A. Jobs – for example through the conclusion of successful trade deals,
- 26 EU funding that has created over 200,000 new jobs, securing £60
- 27 billion EU funding for research and technology over the next 7 years,
- 28 and the creation of a single EU Patent system.
- 29 B. Safer Communities – for example through fighting off Tory and UKIP
- 28 attempts to withdraw the UK from the EU Arrest warrant, new EU
- 29 laws to help British victims of crime in other EU Countries, and
- 30 stronger EU co-operation to fight human trafficking.
- 31 C. A Greener Future – for example through an agreement for the EU low

Sunday 9th March continued

32 carbon roadmap that paves the way towards a low carbon economy,
33 a radical overhaul of the Common Fisheries Policy to ban most
34 discards (throwing dead fish back into the sea), EU energy efficiency
35 laws that will unlock investment in energy saving technologies, and
36 major reforms to the Common Agricultural Policy that will help cut
37 emissions and protect our countryside.

38 Conference resolves that the Liberal Democrat Manifesto for the 2014
39 European Elections should set out a strong future policy agenda
40 based on these priorities and the policies adopted in policy paper 113,
41 *Prosperous, Sustainable and Secure* (September 2013), including:

- 42 1. Creating more jobs by further opening up the EU's internal market,
43 supporting new EU trade agreements with other trading countries,
44 cutting red tape and 'thinking small', by reducing unnecessary EU
45 regulatory costs which particularly hit smaller businesses, promoting
46 innovation in science and manufacturing and getting British ideas to
47 market faster, and supporting the European Investment Bank (EIB)
48 initiative to develop European project bonds in order to speed up vital
49 infrastructure development.
- 50 2. Fighting cross-border crime and defending rights by pressing for the
51 European Union missing child alert system to be implemented quickly,
52 setting up a European Union database of unidentified bodies help
53 families searching for missing loved ones, supporting the work of
54 the new European Cybercrime Centre (EC3), and working to secure
55 speedy implementation of the European Commission's new proposal
56 on fighting money laundering, pushing for a European Union-wide
57 proportionality test in the use of the European Arrest, and supporting
58 the full implementation of 'Eurobail' to allow British citizens to serve
59 their bail back in the UK.
- 60 3. Protecting the environment and creating green growth by committing
61 to reduce the EU's greenhouse gas emissions by at least 50% by
62 2030, urgently strengthening the EU Emissions Trading System
63 mechanism, pushing for more international grid connections between
64 European countries to ensure we can meet our climate change
65 goals faster and at a lower cost, promoting better European energy
66 labelling, and encouraging sustainable consumption in European
67 Union member states, including by arguing for the European Union to
68 support the target of halting net deforestation worldwide by 2020.
- 69 4. Building a safer, stronger financial system by ensuring better quality
70 of regulation in order to protect the economy, businesses and jobs,

Sunday 9th March continued

- 72 fighting for fairer rules that will clamp down on manipulation of energy
72 and financial markets as exposed by the LIBOR scandal and Brent
73 Oil fixing investigation, ensuring fairer mortgage repayments and fuel
74 prices for consumers, supporting alternatives to bank financing for
75 small and medium sized companies, and pressing for new rules that
76 will force large companies to disclose the countries where they pay
77 their taxes,
- 78 5. Getting a better, fairer deal for consumers by campaigning to abolish
79 mobile phone roaming charges once and for all, supporting higher
80 standards of food inspections across the European Union with
81 better country of origin food labelling, supporting greater protection
82 of holidaymakers' rights to compensation if their holiday company
83 goes bust, and making it easier for consumers to gain adequate
84 compensation when people suffer losses due to malpractice, though
85 new rules that will make it easier for consumers to take cases
86 together, reduce the number of court cases and cut costs for the
87 claimants.
- 88 6. Building a more sustainable future for rural communities and
89 businesses by supporting continued reform of the Common
90 Agricultural Policy with more devolution in agricultural policy, ensuring
91 continued support for rural communities, particularly upland and
92 less favoured areas, and a mid-term review in 2017, and promoting
93 a more sustainable fishing industry in the UK, with the expansion of
94 European Marine Sites, a 100% ban on the discard of edible and
95 other usable fish and want tougher enforcement of European Union
96 fishing rules by all member states
- 97 7. Helping to build a safer and more democratic world through a more
98 effective European Union foreign policy, building more security and
99 democracy in the European neighbourhood, deeper defence co-
100 operation in Europe, with European Defence Agency, in co-operation
101 with NATO, playing a central role in helping states to pool and
102 share military capabilities, and better co-ordination of development
103 assistance provided by European member states and by the
104 European Union itself.
- 105 8. Promoting fairness and opportunity by encouraging government and
106 universities to fully publicise the opportunities available for young
107 people in the UK to take advantage of EU schemes for studying and
108 working abroad, and supporting fair rules to underpin free movement
109 of workers, such as the proposal from the European Commission to
110 extend the period from three to six months that the home country

Sunday 9th March continued

- 111 pays benefits for their citizens while they are resident in another
112 European Union country
- 113 9. Reforming the European Union by campaigning to end the waste of
114 having two meeting places for the European Parliament, supporting
115 an audit of existing European Union agencies and institutions to find
116 ways to rationalise and find savings, and calling for a guarantee in the
117 next European Union treaty that both Euro area and non-Euro area
118 member states have a full voice in the regulation and application of
119 the single market.
- 120 Conference further resolves that Liberal Democrats are committed to
121 giving the British people their say in a full in/out referendum in the event
122 of proposals for any further significant transfer of powers from the UK to
123 the EU, and that Liberal Democrats will campaign for an 'in' vote because
124 it is overwhelmingly in Britain's national interest to stay in and pursue the
125 policies on jobs, crime and the environment outlined in this motion.

Applicability: Federal.

F19 A Digital Bill of Rights

Cambridge

Mover: Tim Farron MP
Summation: Dr Julian Huppert MP (Co-Chair, Parliamentary Party Committee on Home Affairs, Justice and Equalities)

Sunday 9th March continued

- 1 Conference believes:
- 2 i) Monitoring or surveilling people without suspicion is alien to our
3 traditional British values.
 - 4 ii) That systematic surveillance of people's communications and
5 online activities undermines a number of fundamental human rights,
6 including the right to respect of private life and correspondence,
7 freedom of expression, of association, of conscience and of religion;
8 that these rights are essential in safeguarding the democratic
9 principles of our society; and that any interference with these rights
10 must be necessary and proportionate.
 - 11 iii) That our online communication and behaviour should be treated with
12 the same respect and legal due process that we expect for our offline
13 communication and behaviour.
 - 14 iv) Government-supported filtering of the internet will prevent people
15 from accessing legitimate information and educational resources,
16 whilst giving parents a false sense of security.
 - 17 v) That the indiscriminate harvesting and storage of the communications
18 and metadata of people without suspicion is incompatible with our
19 liberal and democratic principles, and has the potential to cast a
20 chilling effect on free speech and free association.
 - 21 vi) Whilst there are legitimate concerns surrounding national security,
22 such concerns must not be invoked simply as a pretext to undertake
23 blanket surveillance, stifle investigative journalism, or discourage
24 public debate.
 - 25 vii) That the work of the intelligence and security services is essential to
26 the underpinning of a free, fair and open society, and that clear public
27 agreement as to their remit and the extent of their powers would be to
28 their benefit as well the country more broadly.
- 29 Conference endorses:
- 28 A. The International Principles on the Application of Human Rights to
29 Communications Surveillance, which emphasise that any surveillance
30 of citizens by the state must be necessary and proportionate.
 - 31 B. The United Nations General Assembly resolution on the Right to
32 Privacy in the Digital Age (A/C.3/68/L.45), emphasising that the same
33 rights that citizens have offline must also be protected online.
 - 34 C. The Reform Government Surveillance Principles signed by Apple,
35 Google, Microsoft, Facebook, Yahoo, LinkedIn, Twitter and AOL,
36 which call for overhaul of the oversight, accountability and laws
37 governing government surveillance programmes in order to restore

Sunday 9th March continued

38 the balance between security and liberty and to restore public trust in
39 the internet.

40 D. Existing Liberal Democrat policy that data belongs by default to the
41 individual to whom it refers; this ownership of data means that the
42 individual citizen has a right to access all their own data and, where
43 reasonable, can decide who else has access.

44 E. The Deputy Prime Minister's decision to veto the unworkable and
45 disproportionate Communications Data Bill.

46 Conference therefore calls for:

47 1. The annual release of Government Transparency Reports which
48 publish, as a minimum, the annual number of user data requests
49 made by law enforcement, the intelligence agencies, and other
50 authorities, broken down by requesting authority, success rates, types
51 of data requested and category of crime or event being investigated.

52 2. The establishment of a commission of experts to review state
53 surveillance and all recent allegations from the Edward Snowden
54 leaks, with specific scope to:

55 a) Scrutinise relevant legislation including the Regulation of
56 Investigatory Powers Act 2000, the Intelligence Services Act 1994
57 and section 94 of the Telecommunications Act 1984.

58 b) Assess the implications for privacy and internet freedoms of
59 Project Tempora and other programmes revealed by the Snowden
60 leaks, and consider alternatives to the bulk collection of data.

61 c) Review powers, scope, appointment and resources of oversight
62 committees, commissioners and tribunals.

63 d) Consider the use of judicial involvement and approval for
64 surveillance and for access to communications data and
65 metadata likely to reveal sensitive personal data.

66 e) Publish its findings and recommendations.

67 3. The Government to define and enshrine the digital rights of the citizen
68 to protect from overreach by the state, through:

69 a) Ensuring that powers of surveillance, accessing data, and
70 accessing new technologies are not extended without
72 Parliamentary approval.

72 b) Ensuring that government does not undertake the bulk
73 collection of data and only accesses the metadata or content
74 of communications of an individual if there is suspicion of

Sunday 9th March continued

- 75 involvement in unlawful activity.
- 76 c) Ensuring that oversight of government surveillance is
- 77 independent, informed, transparent and adequate.
- 78 d) Supporting a prompt, lawful and transparent framework for data
- 79 requests across jurisdictions and between governments.
- 80 4. The Government to accelerate and expand the midata project,
- 81 to grant citizens access to all their data in an open digital format,
- 82 regardless of which business holds that data, by using powers under
- 83 the Enterprise and Regulatory Reform Act 2013.

Applicability: Federal.

3. The agenda

3.1 *The shortlisting of motions*

The Committee shall draw up the agenda and shall decide which of the motions duly submitted shall be included in it. The Committee may allocate time for one or more policy or business motions to be selected by ballot. Copies of motions not selected shall be available for inspection and will be supplied to any conference representative on payment of a copying charge and postage.

3.2 *Motions for the amendment of the constitution or standing orders*

Save as detailed below in Standing Order 4.3, all proposed amendments to the constitution or standing orders must be either selected for debate or included in a ballot to allow conference representatives to determine an order of priority for allocating time.

3.3 *Balance between State and Federal policy debates*

The Committee shall, in drawing up the agenda, have due regard to the balance of State and Federal policy debates and in particular shall as far as possible organise the agenda so that all matters which relate solely to one or more state parties but not all State Parties or the Federal Party shall be considered at either the beginning or the end of the conference.

4. Selection of motions and amendments

4.1 *Compositing or otherwise altering motions*

In drawing up the agenda the Committee shall seek to reflect the range of views in the Party as indicated by the motions and amendments submitted. The Committee may:

- a) Treat any severable part of a motion or amendment as a separate motion or amendment.
- b) Redraft a motion or amendment so as to improve expression, remove inaccuracy or superfluity or take account of new developments.
- c) Composite similar motions or amendments.

4.2 *Selection of amendments*

The Committee shall decide which of the amendments duly submitted to each motion shall be selected. No amendment shall be selected if, in the opinion of the Committee it is insubstantial, outside the scope of the motion, or tantamount to a direct negative of the motion.

4.3 *Motions for the amendment of the constitution or standing orders*

The Committee may refuse to select a motion for amendment of the constitution or standing orders if, in their opinion, it is:

- a) Similar in effect to another motion which has been selected for debate or ballot at the same meeting of conference.
- b) Similar in effect to a motion that has been rejected at either of the last two meetings of conference.
- c) In the case of amendments to the constitution, incomplete in that it leaves unamended some other part of the constitution which contradicts the meaning of the amendment.
- d) In the case of amendments to standing orders, incomplete in that it leaves unamended some other part of standing orders which contradicts the meaning of the amendment.
- e) Ambiguous.

4.4 *Emergency motions*

The Committee may reject an emergency

Standing orders continued

motion if:

- a) It is similar in effect to another motion that has been selected for debate or ballot.
- b) It is similar in effect to a subject chosen for a topical issue discussion.
- c) It is unclear as to its meaning or intent or is, in the opinion of the Committee, too poorly drafted to provide a sensible basis for debate.
- d) It falls outside the definition of emergency motions.

No amendment shall be taken to any motion selected under this Standing Order.

4.5 Ballots for emergency motions

All emergency motions, except those rejected under Standing Order 4.4, must be placed either on the agenda for debate or in a ballot for selection by Conference. The Committee may hold separate ballots to select which of a range of emergency policy motions and which of a range of emergency business motions to debate. If one or more ballots is held the Committee shall circulate the text of all balloted motions to the representatives attending Conference as soon as practicable and shall specify a closing time for the ballot. Following the counting of any ballots the Committee shall organise the debates on the motions in the order chosen by conference in the ballots.

4.6 Emergency amendments

The Committee shall have complete discretion whether to select emergency amendments for debate.

4.7 Topical issue discussions

The choice of subjects for topical issue discussions shall be made by the Officers of the Committee in consultation with the Officers of the Federal Policy Committee. In choosing the subjects, the Officers

shall have regard to the significance and topicality of the subjects proposed and whether they are likely to provoke a lively discussion.

5. Special meetings

5.1 Timetabling of special meetings

The Committee shall, as soon as practicable after the requisitioning of a special meeting of the conference, fix a date for the meeting, draw up the agenda and, if appropriate, specify a date for the submission of amendments. The meeting shall deal only with the business stated in the notice of requisition save that the Committee may allow time for emergency motions and for business which is formal or, in its opinion, uncontentious.

5.2 Preferred timescales for special meetings

In setting dates for the submission of motions and amendments and giving notice thereof and of the conference itself the Committee shall endeavour to follow the timescales laid down elsewhere in these standing orders but, where this is not practicable, the Committee shall set such dates as it sees fit.

6. Appeals

6.1 Appeals against rejection of motions

The Committee shall provide written reasoning to the nominee of the proposers for the rejection of any motion or amendment. The proposers may appeal, in writing, to the next meeting of the Committee. Any such appeal shall provide reasons why, in the opinion of the proposers, the expressed reasons for rejection are not valid. If the appeal is allowed, the motion or amendment shall be treated as an emergency motion or

Standing orders continued

amendment according to the stage of the agenda-setting process at which the appeal has been allowed.

6.2 Appeals against exclusion from conference

Any person excluded from conference by a decision of the Chief Steward shall have the right of appeal to the Committee at the next of its regular meetings. The exclusion shall remain in force pending the appeal. If the person who is excluded is a voting member of conference, their local party or SAO shall be contacted immediately and invited to appoint a substitute for the remainder of the conference.

7. The chair

7.1 Who chairs conference

The President, if present, shall normally take the chair at the formal opening and closing of conference and when the Party Leader is making a formal speech from the platform. At all other sessions the chair shall be appointed by the Committee. Normally no person shall chair more than one session at any meeting.

7.2 The chair's aide

The Committee may appoint an aide or aides to assist the chair of each session.

8. Conduct of debate

8.1 Variation in the order of business

The Committee may propose to the conference a variation in the order of business as set out in the agenda. Such variation shall be put to the vote and shall take effect if approved by a majority of those voting.

8.2 Withdrawal of motions and amendments

Once the Committee has included a motion or amendment, or part of a motion

or amendment, in the agenda, may not be withdrawn except by leave of conference.

8.3 The order of debate

The Committee shall direct the order of debate. Generally, however, a motion will be moved and immediately thereafter the amendments and options will be moved in the order directed by the Committee. There will then be a general debate. The movers of amendments and options (or their nominees) shall have the right of reply in the same order (except that where an amendment or option has not been opposed during the debate, the chair of the session shall have the right to direct that its movers shall not exercise their right of reply), after which the mover of the motion (or the mover's nominee) shall have the right of reply. Votes shall then be taken on the amendments and options in the order in which they have been moved and, finally, on the substantive motion. The Committee may direct that part of any motion or amendment or groups or amendments may be the subject of a separate debate.

8.4 Topical issue discussions

The Committee shall direct the order of the discussion. Normally the proposer of the subject shall speak first, and a representative of the Federal Policy Committee shall speak last.

8.5 Who may speak

Only voting or non-voting members may speak at a full session of conference, save that other persons may speak in the following circumstances:

- a) As a member of the Federal Policy Committee representing that committee in a policy debate.
- b) As a member of the Federal Conference Committee representing

Standing orders continued

that committee in debates on standing orders and matters of conference procedure.

- c) As a member of the Federal Executive representing that committee on matters of party business.
- d) If called by the chair of the session, after the Committee has given permission. Such permission shall only be given exceptionally.

Additionally the Committee may invite any person to address the conference as a guest.

8.6 The special rights of the Federal Committees

Provided that the Federal Policy Committee is not proposing the motion or any of the amendments to be taken in a debate on a policy motion or on motions relating to the policy-making processes of the Party it shall have the right to nominate a person to report its views on the subject before the conference. The Federal Executive shall have similar rights on business motions or motions to amend the constitution, as shall the Federal Conference Committee on motions relating to the proceeding and procedures of the conference and to amend standing orders. Such a person shall be called to speak for the same length of time as the person replying on behalf of the mover of the motion.

8.7 The selection of speakers

Voting and non-voting members wishing to speak in any debate shall submit a speaker's card, prior to the commencement of the debate in which they wish to speak, stating whether they wish to speak for or against an amendment, the motion or part of the motion. The chair shall be responsible for the choice of the speakers and shall

attempt to provide a balanced debate between the different viewpoints in the conference, but may announce a departure from this rule if there is an overwhelming preponderance of members wishing to speak on the same side. The chair shall have the discretion to accept speakers' cards after the start of the debate. Save as provided for in these standing orders, no person may speak more than once in any debate.

8.8 The length of speeches

The Committee shall set out in the agenda time limits for speeches.

9. Voting at conference

9.1 The method of voting

Voting cards shall be issued at each meeting to voting members. The Committee may direct that voting on any issue be by ballot. Subject thereto all votes at full sessions shall be taken by show of voting cards.

9.2 Counting of votes

A vote by show of voting cards shall be counted:

- a) If the Committee has so directed.

A recount will only be held if the chair is not satisfied that the first count was accurate.

9.3 Separate votes

A separate vote may be taken on a part of a motion or amendment:

- a) On the direction of the Committee.

Standing orders continued

10 Points of order

- c) When the request is to be taken, the chair shall read the statement of reasons and ask conference whether it wishes to consider the request to move to next business. If conference decides, by a simple majority of those voting, to do so, the person who made the request may speak. The chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If conference decides not to debate the proposal, it falls.

The submission shall state to whom the motion is to be referred and shall include a statement of the reasons, including reasons why voting against the motion would not achieve a similar result, not exceeding 75 words.
- b) The chair may take the request to refer back at whatever stage of the debate they consider appropriate. If more than one request is received, the chair shall decide which to take. No more than one request may be taken with respect to any motion.
- c) When the request is to be taken, the chair shall read the statement of reasons and ask conference whether it wishes to consider the request to refer. If conference decides, by a simple majority of those voting, to do so, the person who made the request may speak and the mover of the substantive motion, or their nominee, may reply. The chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If conference decides not to debate the reference back, it falls.
- d) The reference back shall require a simple majority of those voting to be passed. If it is carried the current agenda item shall be abandoned

Standing orders continued

If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at which the next agenda item was due to be taken.
- d) If passed, the Federal Policy Committee shall, before the next meeting of the

conference, circulate its reasons for acting under this section and its comments on the motion and any amendments thereto accepted for debate.

11.4 Separate vote

A voting member of conference may request that the chair take a separate vote on a part of a motion or amendment provided that such a request is in writing and received by the commencement of the first conference session on the day before the debate is scheduled. If the debate is scheduled for the first day of conference, the request must be received in writing by the same deadline as that for emergency motions. The Committee shall have complete discretion whether to take a separate vote. In exceptional circumstances, the Chair of the debate shall have discretion to accept a request for a separate vote if it is received in writing after this deadline.

11.5 Counted vote

Any voting member may ask for a counted vote, which shall be taken if the request is supported by 50 members rising in their places and showing their voting cards.

- c) No motion to suspend standing orders to introduce a motion or amendment on to the agenda can be taken unless the motion or amendment has been submitted to the Committee in accordance with the published timetable and, where a right of appeal against non-selection exists, the right has been exercised.
- d) The chair shall read the statement of purpose and, if the suspension is allowable in the terms of this standing order, ask the conference whether it wishes to debate the request for suspension. If the conference decides not to debate the request, it falls. If the conference decides, by a majority of those present and voting, to hear the request the mover may speak and a representative of the Committee may reply. The chair shall have the discretion to allow other speakers. All speeches on the motion to suspend standing orders will be limited to two minutes.
- e) A motion to suspend standing orders shall only be carried if supported by at least two-thirds of the conference members voting. If the procedural motion is carried all standing orders shall remain in force except only for the purposes set out in the motion.

11.7 No procedural motions during votes

No procedural motion can be moved

during a vote.

12 Reports

12.1 Which reports are tabled

The business session or sessions of the conference must include consideration of reports from the bodies listed in Standing Order 1.1(b).

12.2 Submission and selection of questions

A voting member may submit questions to any report tabled for consideration, by the deadlines set under Standing Orders 1.5 (d) and (e). 12.4 How questions and supplementary questions are put and answered

After the report is moved, the mover, or their nominee, shall answer the questions in turn. After each question has been answered, the voting member who submitted the question will be given the opportunity to put a supplementary question, speaking for a maximum of two minutes, and the mover, or their nominee, will be given an opportunity to respond. The chair shall determine the time given to the mover in moving the report and replying to questions. The chair shall also determine how many of the published

Standing orders continued

questions, and how many of the questions submitted under Standing Order 1.5 (e), can be taken. After the conference the Committee shall publish the answers to all questions submitted under Standing Orders 1.5 (d) and (e) which are in order, and to all supplementary questions asked.

A voting member may move the rejection of any part of the report or of the report as a whole. A voting member wishing to move a rejection shall submit a speaker's card prior to the commencement of the consideration of the report, stating the section(s) which they wish to have rejected. All moves to reject a report must be debated (except that the chair shall have discretion to choose between moves to reject the same part of the report), at the conclusion of the question session.
